

Session Program

19–20 Jan 2021

IceCube Polar Science Workshop

Available instrumentation at the South Pole (IceCube, SPICEcore, GPS stake field and other)

Tuesday 19 January

15:10

Available instrumentation at the South Pole (IceCube, SPICEcore, GPS stake field and other)

Session | **Location:** <https://wipac-science.zoom.us/j/2571243724?pwd=c0pOcDF0Q09PVXFuWGd1SENib25jQT09> | **Convener:** Martin Rongen

15:10–15:30 The IceCube Neutrino Observatory and the IceCube Upgrade

Speaker

Dawn Williams

15:30–15:50 The IceCube optical ice model

Speakers

Dmitry Chirkin, Martin Rongen

15:50–16:05

South Pole Ice Core (SPICEcore) - What has been accomplished, what is below 1751 m, and synergies with the new Hercules Dome project

Speaker

Murat Aydin

16:05
