

Particle Astrophysics 2011

Friday 29 April 2011 - Saturday 30 April 2011

Scientific Programme

Please ONLY submit an abstract if your name appears in the list below. These are the only talks that will be given at this conference. Thank you.

Dark Matter - Laura Baudis

Cosmic Rays - Alan Watson

Accelerator Neutrinos - Mike Shaevitz

Non-Accelerator Neutrinos - John Learned??

Neutrino Telescopes - A Journey - Christian Spiering

Mediterranean Neutrino Telescopes - Paschal Coyle

Sources of High-Energy Neutrinos - Eli Waxman

IceCube - Olga Botner

Astronomy / Cosmology - Neta Bahcall

Cosmology - John Carlstrom

Gamma Rays from Space - Steve Ritz

TeV Gamma Rays - Eckart Lorenz
