

Session Program

28–29 Oct 2011

Cosmic Ray Anisotropy Workshop 2011

Leptonic CR anisotropy, propagation models, and ISM

University of Wisconsin Pyle Center, 309
702 Langdon Street Madison, WI 53706-1487

Saturday 29 October

09:00

Leptonic CR anisotropy, propagation models, and ISM

Session | Location: University of Wisconsin Pyle Center, 309, 702 Langdon Street Madison, WI 53706-1487

09:00–09:20

Searches for Cosmic Ray Electron Anisotropies with the Fermi Large Area Telescope

Speaker

Dr Vlasios Vasileiou

09:30–09:50

GALPROP Code for Galactic Cosmic Ray Propagation and Associated Photon Emissions

Speaker

Dr Igor Moskalenko

10:00–10:20

Interaction of the solar wind with the interstellar medium: structure and implications for galactic cosmic rays

Speaker

Prof. Gary Zank

10:30
