

# **Workshop on a wide field-of-view Southern Hemisphere TeV gamma ray observatory**

**Thursday 10 November 2016 - Saturday 12 November 2016**

**Hotel NH**

## **Scientific Programme**

### **Workshop topics:**

Detector technologies for all-sky TeV gamma ray astronomy

High-altitude Southern Hemisphere sites

Energies with Fermi, current IACTs, CTA, and other future instruments

Connections to other fields of TeV astronomy

Masses gamma rays, neutrino and gravitational wave era
