

Workshop on a wide field-of-view Southern Hemisphere TeV gamma ray observatory

Thursday 10 November 2016

Wide FOV Gamma Ray Science - Salón Estrellas (11:00 - 12:30)

-Conveners: Miguel Mostafa

time	[id] title	presenter
11:00	[20] Recent HAWC results	RIVIÈRE, Colas
11:25	[22] The Southern Fermi Bubble and Other Very Extended Emission Structures with the Southern Gamma-Ray Survey Observatory	Mr AYALA, Hugo
11:45	[21] Binary Source Opportunities for a Southern Gamma-ray Observatory	Mr BRISBOIS, Chad
11:55	[12] Beyond the Standard Model with Wide-field Observatories	Dr HARDING, J. Patrick
12:20	[26] The TAIGA-HiSCORE array for Gamma Astronomy beyond 10 TeV	Dr WISCHNEWSKI, Ralf
