

Workshop on a wide field-of-view Southern Hemisphere TeV gamma ray observatory

Friday 11 November 2016

Motivation for a Wide-FOV Observatory: Design Considerations and Simulations - Salón Estrellas (08:30 - 10:30)

-Conveners: Miguel Mostafa

time	[id] title	presenter
08:30	[6] Fundamental drivers for the design of a ground-particle based gamma ray observatory	Dr SCHOORLEMMER, Harm
09:00	[7] Astrophysical motivations for the construction of a wide FoV gamma-ray observatory in the southern hemisphere	Dr LOPEZ-COTO, Ruben
09:30	[11] Semi-Analytic Simulation for a "HAWC-like" Detector	SMITH, Andrew
10:00	[19] Extreme Altitude All-Sky Observatories	Dr SINNIS, Gus
